FOCUS

Sniper 3.3 is an advanced handheld flashlight, perfect for everyday use and professional activities. It emits 1020 lm with a beam distance of up to 225 m. The Smooth Focus System allows for slick adjustment of the beam width. It has an IP66 rating for dust and water resistance. Impact resistance is from 2 m. Powered by a 2800 mAh 18650 Li-Ion battery (with USB-C), it runs up to 56 h and 50 min in Low mode. The flashlight can also function as a power bank. Optional accessories are red and green filters, a signal cone, and a holster. It's an excellent flashlight for service inspections, camping, outdoor activities, fishing, hunting, everyday use, patrolling, and rescue operations.
